From <http://angiesrecipes.blogspot.com>

The distinct peppery tang and earthy flavor of arugula make this pesto especially rich, robust and utterly delicious! Perfect with pasta or on a pizza

3 cups Arugula leaves
3-5 Garlic cloves, sliced
1 ½ oz Walnuts, toasted
2 tbsp freshly grated Parmesan cheese
¼ cup Olive oil
Salt and freshly ground pepper

Combine arugula, garlic slices, walnuts and Parmesan cheese in a food processor. With the machine running, slowly drizzle in olive oil and process until evenly blended. Season pesto well with salt and freshly ground black pepper. Mix until evenly combined.
